SWIU Annual Breakfast Meeting
Sunday, May 15, 2011
6:30 a.m. – 9:00 a.m.
Renaissance Washington, DC
Renaissance West A&B

Women Leaders in Urology Forum
Monday, May 16, 2011
5:00 p.m. – 6:00 p.m.
Renaissance Washington, DC
Renaissance West B

SWIU Networking Reception
Monday, May 16, 2011
6:00 p.m. – 8:00 p.m.
Renaissance Washington, DC
Renaissance West A
Welcome

On behalf of the Society of Women in Urology Board of Directors, welcome to the SWIU Annual Events: the Annual Breakfast Meeting, the Women Leaders in Urology Forum and the SWIU Networking Reception. We are thrilled to have an exciting program featuring AUA representatives, women urologists and researchers.

To kick off our 31st Annual Breakfast Meeting, we are proud to present two notable AUA representatives. Sushil S. Lacy, MD, president elect of the AUA, will provide an AUA Update and Sandra Vassos, AUA Foundation executive director, will address the AUA Foundation and the Urology for Women Initiative. This session will also feature David F. Penson, MD, MPH, who will discuss Improving the Quality of Surgical Care: Lessons Learned and Future Directions.

SWIU will also present its awards to the winners of the SWIU/SBUR Award for Excellence in Urological Research, the Elisabeth Pickett Research Awards and the SWIU Travel Award. Following these presentations, members are encouraged to attend the Annual Business Meeting, where new officers will be voted in and potential projects for the society will be discussed.

The sixth annual Women Leaders in Urology Forum will occur on Monday this year. Linda D. Shortliffe, MD, chair of urology at Stanford Medical Center, will lead the discussion on Antimicrobial Prophylaxis: GU Use and Abuse. Panelists for this session include Carol J. Bennett, MD, clinical professor of urology at UCLA Medical Center, Hillary L. Copp, MD, assistant professor of urology at University of California in San Francisco, Martha K. Terris, MD, professor of surgery at Georgia Health Sciences University and Ellen Shapiro, MD, professor and director of pediatric urology at NYU Urology Association. We encourage all members to attend and invite all AUA attendees to partake in this CME event.

The SWIU Networking Reception will follow the panel and will offer food, drinks and an opportunity to network with other urologists. SWIU is proud to present the Christina Manthos Mentoring Award during this special event. All are welcome and we hope you will join us!

Tracy Cannon-Smith, MD
SWIU President 2010 – 2011
OFFICERS

President
Tracy Cannon-Smith, MD
Urology Associates of North Texas
811 W I20, Suite 114

Women Leaders in Urology Forum

Monday, May 16, 2011
5:00 p.m. – 6:00 p.m.
Renaissance Washington, DC
Renaissance West B

Antimicrobial Prophylaxis:
GU Use and Abuse

Moderator: Linda D. Shortliffe, MD
Chair of Urology
Stanford Medical Center

Panel: Carol J. Bennett, MD
Clinical Professor of Urology
UCLA Medical Center

Hillary L. Copp, MD
Assistant Professor of Urology
University of California, San Francisco

Martha K. Terris, MD
Professor of Surgery
Georgia Health Sciences University

Ellen Shapiro, MD
Professor and Director, Pediatric Urology
NYU Urology Association

SWIU Networking Reception

Monday, May 16, 2011
6:00 p.m. – 8:00 p.m.
Renaissance Washington, DC
Renaissance West A

Everyone is welcome! This is a great opportunity to meet with other urologists to discuss the issues in the field of urology, as well as other medical issues.

In addition, SWIU will announce the Christina Manthos Mentor Award winner.

We look forward to this great networking opportunity every year and hope to see you there!
Educational Needs and Objectives

Educational Needs
The pediatrics session will include an update of the vesicoureteral reflux guidelines. These guidelines were just recently released, and they advise based on an evidence based approach how this condition may be managed. There will also be a discussion on the role of robotic assisted laparoscopic surgery in the management of pediatric urological conditions. There is a paucity of level one evidence to support use of this expensive method for management of pediatric urological conditions, but there are some empiric reasons why that approach would seem advantageous.

Healthcare legislation has changed how physicians will practice medicine and deliver care. Urologists need to understand these changes and how they will impact their practices.

Educational Objectives
At the conclusion of this session, attendees should be able to:
1. Review state-of-the-art pediatric care on vesicoureteral reflux, understand salient issues surrounding early intervention vs. observation for ureteropelvic junction obstruction.
2. Explain pertinent issues regarding use of the robotic surgical platform in the management of pediatric urological conditions.
3. Identify the impact of healthcare reform legislation on urology practices.
Accreditation
The American Urological Association Education & Research, Inc. (AUAER) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation
The American Urological Association Education & Research, Inc. designates this live activity for a maximum of 2.50 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AUAER takes responsibility for the content, quality, and scientific integrity of this CME activity.

AUAER Disclosure Policy
As a provider accredited by the ACCME, the AUAER must ensure balance, independence, objectivity and scientific rigor in all its activities.

All faculty participating in an educational activity provided by the AUAER are required to disclose to the provider any relevant financial relationships with any commercial interest. The AUAER must determine if the faculty’s relationships may influence the educational content with regard to exposition or conclusion and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent faculty with relevant financial relationships from serving as faculty, but rather to provide members of the audience with information on which they can make their own judgments.

Off-label or Unapproved Use of Drugs or Devices
It is the policy of the AUAER to require the disclosure of all references to off-label or unapproved uses of drugs or devices prior to the presentation of educational content. The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

Disclaimer
The opinions and recommendations expressed by faculty, authors, and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUAER.

Evidence Based Content
As a provider of continuing medical education accredited by the ACCME, it is the policy of the AUAER to review and certify that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

Special Assistance/Dietary Needs
The American Urological Association Education & Research, Inc. (AUAER), an organization accredited for Continuing Medical Education (CME), complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, a written request should be submitted at least one month in advance. For additional assistance with your request please call (847) 517-7225.
Christina Manthos Mentoring Award
SWIU founded the Christina Manthos Mentoring Award to honor the memory of an esteemed colleague. Christina Manthos was an extraordinary young urologist whose life was sadly curtailed by breast cancer. In her memory, SWIU has established an annual award to recognize men or women who have been extraordinary mentors to female urologists. SWIU believes that a mentor is a very important element to professional woman and wants to encourage those who set a good example.

Society of Women in Urology Travel Award
SWIU established the Travel Award to encourage young urologists to be active participants in SWIU Activities and the AUA Annual Meetings. SWIU bestows this award upon a female resident presenting their research at the AUA Meeting to assist with the travel expenses.

Elizabeth Pickett Research Award
The Elizabeth Pickett Research Award provides small research grants for basic science or clinical urologic research. The awards may be used to supplement a current project or to initiate a new study. Candidates for this award include trained urologists (MD/DO), urology residents, urology fellows or post-doctoral basic scientists interested in researching urologic related diseases and dysfunction.

SWIU/SBUR Award for Excellence in Urological Research
SWIU and Society for Basic Urologic Research (SBUR) have a common interest in recognizing female scientists with an accomplished background of basic science urological research. This award represents the collaborative efforts of these two societies toward their common goals. Award Winners are members of SBUR who hold an MD and/or a PhD.

Member Benefits
Since its inception, SWIU’s focus has been primarily in the following areas: mentoring resident members, highlighting women leaders in urology, supporting the research efforts of women in urology, and providing networking venues for its members.

To that effect, SWIU is happy to provide several benefits to its members including, the SWIU Annual Events at the AUA, Networking opportunities, the SWIU Mentor Program, the SWIU Membership Directory, the SWIU Newsletter, and the find-a-doctor program.

Membership Categories
Active
Must be a member in good standing of the American Urological Association. Must have acceptably completed an accredited urologic training program or its equivalent in a foreign country. Active members have voting privileges.

Affiliate
Must be a physician in a related field of medicine and science who cannot qualify for active membership or a non-physician who, by professional or personal accomplishments, has contributed significantly to medicine in general or the specialty of urology in general. Affiliate members may not vote.

Resident
Must have graduated from an acceptable medical school with receipt of Doctor of Medicine degree or an equivalent degree. Must be enrolled in a resident program credentialed by the Accreditation Council for Graduate Medical Education (ACGME) or such similar body in a foreign country. Resident members may not vote.

If you have questions about applying for membership, the member benefits or the categories of membership, please contact SWIU at (847) 517-7225 or email us at info@swiu.org. For more information, please visit our website: www.swiu.org.
