Program Book

Society of Women in Urology
Inaugural Clinical Mentoring Conference
January 13 – 15, 2012
JW Marriott Camelback
Scottsdale, Arizona
Dear Colleagues,

It is with great excitement that I welcome you to the Society of Women in Urology Inaugural Clinical Mentoring Conference. Our exclusive female faculty will deliver didactic and lab sessions on male reconstructive surgery as well as sessions on robotic surgeries in both male and female patients with the aim to expose residents and practicing urologists to surgeries and areas of urology that have traditionally been underrepresented by women urologists. Additional sessions will cover pertinent topics of female sexual dysfunction and refractory overactive bladder. A panel discussion on Friday with women executives from our industry sponsors promises to be very informative about the challenges our counterparts in business face regularly. Brunch with the Experts on Sunday morning will entice us to enjoy Sunday Brunch while networking with our colleagues. The major social highlight of the meeting will be the banquet on Saturday night, honoring all of SWIU past presidents. We hope those who are living with the winter snow and overcast skies enjoy Scottsdale.

Nancy A. Huff, MD
SWIU President

Mission Statement
The Society of Women in Urology, Inc., consists of urologic surgeons and other outstanding contributors to the progress of SWIU who reside and practice their profession in the United States and internationally. The purpose of SWIU is to support the professional advancement of women urologists, to encourage public education regarding urologic issues and to promote urologic research.

Disclaimer Statement
Statements, opinions and results of studies contained in the program are those of the presenters/authors and do not reflect the policy or position of the SWIU nor does the SWIU provide any warranty as to their accuracy or reliability.

Filming/Photography Statement
No attendee/visitor at the SWIU 2012 Clinical Mentoring Conference may record, film, tape, photograph, interview, or use any other such media during any presentation, display, or exhibit without the express, advance approval of the SWIU Executive Director. This policy applies to all SWIU members, non-members, guests, and exhibitors, as well as members of the print, online, or broadcast media.

EDUCATIONAL NEEDS, OBJECTIVES, CME ACCREDITATION STATEMENTS

Needs Assessment
Despite immense growth over the past decade in the number of women practicing urology, a large gender gap continues to exist in certain urologic subspecialties. Specifically, the areas of male reconstruction and robotic surgery are inadequately represented by women urologists. As part of the mission of the Society of Women in Urology, we envision an educational conference to bridge these gaps in a learning environment conducive to such endeavors. The goals of this conference would be centered upon providing our membership with training opportunities in male reconstruction and robotic surgery. We foresee utilizing a combination of didactic lectures, surgical workshops and case-based panel discussions of current procedures in reconstructive and robotic urologic surgery. A critical aspect of this agenda incorporates opportunity for resident education and introduction for the future women in urology of avenues for specialization or expansion of their practice into reconstruction and robotics.

Objectives
At the conclusion of the session, attendees should be able to:

1. Critically evaluate the role of robotic surgery in urologic oncology and describe important components of robotic surgical procedures.
2. Review proper patient selection and technique of robotic sacrocolpopexy and ureteral reimplantation.
3. Describe the elements of a successful perioperative robotic surgery team.
4. Integrate the presentation, evaluation and current management options for female sexual dysfunction.
5. Evaluate treatment options available for refractory overactive bladder including sacral neuromodulation, posterior tibial nerve stimulation, and use of intradetrusor botulinum toxin.
6. Evaluate the following clinical diagnostic issues and experience hands-on training for surgical procedures available to treat male urinary stress incontinence:
   - Identify the types of male incontinence and determine when surgical intervention is warranted.
   - Describe bulbar urethral anatomy and landmarks important for surgical interventions in the male urethra.
   - Illustrate how to implant a bulbar urethral male sling, a device designed to support the muscles around the urethra, a minimally invasive procedure to correct mild to moderate stress urinary incontinence.
   - Illustrate how to implant an artificial urinary sphincter—this mimics the function of a normal, healthy urinary sphincter and can be an effective solution for moderate to severe stress urinary incontinence.
7. Evaluate the following clinical diagnostic issues and experience hands-on training for surgical procedures available to treat medication refractory erectile dysfunction:
   - Identify common treatment algorithms for erectile dysfunction and recognize when surgical intervention is warranted.
   - Describe the multiple types of penile prostheses available and when to utilize each type of device.
   - Illustrate how to implant an inflatable penile prosthesis via both infrapubic and penoscrotal approaches.
8. Evaluate the following clinical diagnostic issues and experience hands-on training for surgical procedures available to treat male urethral stricture disease:
   - Identify common treatment algorithms for urethral stricture disease and recognize types of endoscopic and open surgical interventions and when each should be employed.
   - Illustrate how to perform an open repair onlay bulbar urethroplasty for stricture disease.
9. Identify men who may find immediate relief from a urethral stent.
10. Describe when invasive surgery is the best option for men with urethral strictures.

Accreditation Statement
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Oklahoma College of Medicine and the Society of Women in Urology. The University of Oklahoma College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Oklahoma College of Medicine designates this live activity for a maximum of 11.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict Resolution Statement
The University of Oklahoma College Of Medicine, Office of Continuing Professional Development has reviewed this activity’s speaker and planner disclosures and resolved all identified conflicts of interest, if applicable.

Equal Opportunity Statement
The University of Oklahoma is an equal opportunity institution.

General Disclaimer
The statements and opinions contained in this program are solely those of the individual authors and contributors and not of the SWIU. The appearance of the advertisements is not a warranty, endorsement, or approval of the products or services advertised or of their effectiveness, quality, or safety. The content of this publication may contain discussion of off-label uses of some of the agents mentioned. Please consult the prescribing information for full disclosure of approved uses. Special Assistance
We encourage participation by all individuals. If you have a disability, advance notification of any special needs will help us better serve you. Call (847) 517-7225 if you require special assistance to fully participate in the meeting.
GENERAL MEETING INFORMATION

Registration/Information Desk Hours
Friday, January 13, 2012  7:00 a.m. – 5:30 p.m.
Saturday, January 14, 2012  7:00 a.m. – 3:30 p.m.
Sunday, January 15, 2012  8:30 a.m. – 11:30 a.m.

Registration Fee Includes:
- Scientific Sessions
- Breakfasts
- 1 Welcome Reception ticket
- 1 Presidents Banquet ticket

Exhibits/Technical Exhibits
Friday, January 13, 2012  1:15 p.m. – 8:00 p.m.
Saturday, January 14, 2012  9:00 a.m. – 11:00 a.m.

Industry Sponsored Events
SATURDAY, JANUARY 14, 2012

12:00 p.m. – 1:15 p.m.  Industry Sponsored Lunch
“Neurogenic Detrusor Overactivity (NDO)”

Pamela Ellsworth, MD
Associate Professor of Urology/Surgery
Warren Alpert School of Medicine, Brown University
Providence, RI
EVENING FUNCTIONS

Welcome Reception
Date: Friday, January 13, 2012
Time: 6:00 p.m. – 8:00 p.m.
Location: Cholla
Attire: Casual
The Society of Women in Urology welcomes its members to the 2012 Clinical Mentoring Conference. Members can visit with exhibitors and connect with fellow members all while enjoying delicious drinks and hors d’oeuvres.

President’s Banquet
Date: Saturday, January 14, 2012
Time: 7:00 p.m. – 10:00 p.m.
Location: Sunshine
Attire: Business Casual
Plan to join your fellow SWIU members for an enchanting evening honoring all SWIU Past Presidents.

Keynote Speaker: Eleanor Concepcion (“Connie”) Mariano
In June 1992, Dr. Mariano became the first military woman in American history to be appointed White House Physician. She was nominated by the Navy and selected by the White House for this honor. In 1994, Dr. Mariano was named Director of the White House Medical Unit and chosen by President William Clinton to serve as his personal physician. Dr. Mariano served nine years at the White House where she was physician to three sitting American Presidents.

Completing 24 years of active duty service, Dr. Mariano retired from the Navy in June 2001 with the rank of Rear Admiral. She became the first Filipino American in history to become a Navy Admiral on July 1, 2000.

After leaving the White House, Dr. Mariano became a consultant in the Executive Health Program at the Mayo Clinic in Scottsdale from July 2001 to October 2005. In November 2005, Dr. Mariano founded the Center for Executive Medicine, a medical concierge practice which provides presidential-quality medical care to CEOs and their families.

An expert in presidential health care including the 25th Amendment to the Constitution, Dr. Mariano is a frequent guest speaker on CNN and print media on the topics of care to VIPs, presidential disability, travel medicine, and optimizing quality of care. She is the author of a new book, The White House Doctor: My Patients were Presidents, A Memoir.
2012 SWIU ANNUAL MEETING PROGRAM SCHEDULE

*All sessions will be located in the Sunshine unless otherwise noted
*Speakers and times are subject to change

Thursday, January 12, 2012

1:00 p.m. – 6:00 p.m. Board of Directors Meeting
Location: BLT Steak

Friday, January 13, 2012

7:00 a.m. – 5:30 p.m. Registration/Information Desk Open
Location: Cholla

1:15 p.m. – 8:00 p.m. Exhibit Hall Open
Location: Cholla

7:00 a.m. – 8:00 a.m. Breakfast
Location: Sunshine

8:00 a.m. – 10:00 a.m. Lab Didactic for Male Reconstructive Surgeries
Location: Town Hall
Panel: Jennifer Anger, MD
O. Lenaine Westney, MD
Melissa R. Kaufman, MD, PhD

10:00 a.m. – 10:15 a.m. Break
Location: Sunshine

10:15 a.m. – 11:15 a.m. Lab Didactic for Male Reconstructive Surgeries
Location: Town Hall

11:15 a.m. – 12:00 p.m. Perspectives of Women Executives in Medical Industry
Whitney Erickson, Senior VP/General Manager Men's Health
Nancy Kolb, VP Global Marketing
Nancy Santilli, VP of Scientific Engagement

12:00 p.m. – 1:15 p.m. Lunch
Location: North Garden

1:15 p.m. – 5:30 p.m. Male Reconstructive Cadaver Lab
Location: Town Hall
Panel: Jennifer Anger, MD
O. Lenaine Westney, MD
Melissa R. Kaufman, MD, PhD

1:15 p.m. – 3:15 p.m. Group A
(Group B lab product demonstration in Exhibit Hall)

3:30 p.m. – 5:30 p.m. Group B
(Group A lab product demonstration in Exhibit Hall)

6:00 p.m. – 8:00 p.m. Welcome Reception with Exhibitors
Location: Cholla
Saturday, January 14, 2012

7:00 a.m. – 3:30 p.m.  Registration/Information Desk Open  
                       Location: Cholla

9:00 a.m. – 11:00 a.m. Exhibit Hall Open  
                       Location: Cholla

7:00 a.m. – 8:00 a.m.  Breakfast with Exhibitors  
                       Location: Cholla

8:00 a.m. – 10:00 a.m. Robotic Surgery Session

8:00 a.m. – 8:40 a.m. Oncology – Prostate, Bladder, Renal Cancer Procedures  
                      Carol Salem, MD

8:40 a.m. – 9:15 a.m. Female Reconstruction  
                      Elizabeth R. Mueller, MD  
                      Leslie M. Rickey, MD, MPH

9:15 a.m. – 9:40 a.m. Perioperative Management  
                      Lynda Jayjohn, RN, BSN, MBOE, CNOR

9:40 a.m. – 10:00 a.m. Starting a Robotic Surgery Program  
                       Martha K. Terris, MD

10:00 a.m. – 10:30 a.m. Break in Exhibit Hall  
                       Location: Cholla

10:30 a.m. – 11:15 a.m. Didactic Session: Female Sexual Dysfunction  
                        Kristene E. Whitmore, MD

11:15 a.m. – 12:00 p.m. Refractory OAB Panel Discussion  
                        Panel:  Tamra E. Lewis, MD  
                                Leslie M. Rickey, MD, MPH  
                                Harriette M. Scarpero, MD

12:00 p.m. – 1:15 p.m. Industry Sponsored Lunch  
                       (See page 9 for full information)

1:15 p.m. – 3:30 p.m. Hands-On Simulation and Procedural Training  
                      Location: Cholla

7:00 p.m. – 10:00 p.m. Presidents Banquet  
                       Location: Sunshine  
                       Special Invited:  Connie Mariano, MD  
                       Guest Speaker:  Former White House Physician

Sunday, January 15, 2012

8:30 a.m. – 11:30 a.m. Registration/Information Desk Open  
                       Location: Cholla

9:00 a.m. – 11:30 a.m. Roundtable with the Experts

11:30 a.m. Adjournment
Jennifer Anger, MD, MPH

Jennifer Anger, MD, MPH is a board certified urologist with Cedars-Sinai Medical Group and Cedars-Sinai Health Associates and a member of the Center for Women's Continence and Pelvic Health at Cedars-Sinai.

Dr. Anger graduated with high distinction from University of California at Berkeley and earned her medical degree from the Keck School of Medicine at the University of Southern California. She also earned her master's in public health from the University of California, Los Angeles (UCLA) School of Public Health.

She completed her general surgery internship and urology residency at New York Hospital-Cornell University Medical Center, followed by a one-year fellowship at Duke University Medical Center in both female and male urologic reconstructive surgery, and a two-year fellowship at UCLA in Urological Health Services Research. During her fellowship, she received funding from the National Institutes of Health for her research on outcomes of sling surgery for stress urinary incontinence.

Dr. Anger has also served as an Assistant Professor of Urology for both UCLA Medical Center and Cedars-Sinai Medical Center.

Dr. Anger's NIH-funded research has greatly influenced the field of male and female urology and her many publications have greatly contributed to the field of urology. Her research interests lie primarily in the field of health services outcomes involving female urinary incontinence and pelvic organ prolapse. Her clinical interests and specialties are focused around female urology/prolapse and male urology/urethral reconstruction.

Lynda Jayjohn, RN, BSN, MBOE, CNOR

Lynda A. Jayjohn, MBOE, BSN, RN, CNOR, has been employed since 2003 at the Ohio State University Medical Center as nurse manager specializing in minimally invasive surgery and robotics. She has practiced in the medical field for over 30 years. Her education includes a masters degree from Fisher College of Business at Ohio State University in operational excellence, a BSN from Chamberlain College of Nursing, CNOR, and training as an intuitive surgical robotics coordinator. Lynda has had the honor of coordinating and presenting at AORN Congress and OR Managers on Robotics, AORN Informatics Conference and two Urological World Symposia on Advanced Robotics training for the Allied Health Professional. She has had the honor of speaking on robotics to the Harvard Business Group, Young Presidents Society, numerous visiting professors from around the world, and international conferences on robotics. Lynda is the program director for the training courses offered at OSUMC for Allied Health Professionals, programs for administrative executives and surgeon training on robotics. Lynda is a member of AORN, SUNA, SAGES and AUA.
Melissa R. Kaufman, MD, PhD

Dr. Kaufman is assistant professor at Vanderbilt University Department of Urologic Surgery in Nashville, Tennessee. She previously served at Vanderbilt as an instructor and clinical fellow in Female and Reconstructive Urology. Dr. Kaufman earned her PhD in the Department of Microbiology and Immunology at The University of Tennessee and went on to receive her MD from the University of Arkansas College of Medicine. She holds membership in the American Urological Association, the Southeastern Section of the AUA, Tennessee Urological Association, Vanderbilt Urology Society, Society for Urodynamics and Female Urology, Sexual Medicine Society of North America, American Medical Association, American Society of Microbiology, International Continence Society, American Association of Clinical Urologists and the Society of University Urologists. Dr. Kaufman is current treasurer for SWIU and will ascend to president this year.

Tamra E. Lewis, MD

Dr. Tamra Lewis specializes in female urology at Comprehensive Urologic Care, in Barrington, IL. Her training includes attending medical school at the University of Iowa Carver College of Medicine, residency in urologic surgery at the University of Nebraska, and a fellowship in female urology and voiding dysfunction at Metro Urology in St. Paul, MN, under the direction of Dr Steven Siegel. Her interests include female urology, incontinence, prolapse and neuromodulation.

Elizabeth R. Mueller, MD

Dr. Mueller is associate professor and medical director at Loyola University Medical Center Female Pelvic Medicine and Reconstructive Surgery. After receiving her MD from St. Louis University School of Medicine, she went on to complete a urology residency at Loyola University Medical Center and continued there with a fellowship in the departments of urology/obstetrics and gynecology. She has received numerous awards including the Charles Huggins Resident Essay Award at the 2004 Chicago Urological Society meeting, the Leischner Scholar Award from Loyola University Medical Center in 2008 and the Bjorn Fortling Award in February 2008. Dr. Mueller also hold memberships in the American Urogynecology Society, the American Urological Association, the North Central Section of the AUA, the Society of Urodynamics and Female Urology, the American College of Surgeons and the Society of Women in Urology, in which she also served as president from 2009 –2010. Dr. Mueller has previously served as an ad hoc reviewer on the editorial boards of the Indian Journal of Urology, Neurourology and Urodynamics, Journal of Urology, International Urogynecology Journal, American Journal of Obstetrics and Gynecology, British Journal of Urology, European Urology, Journal of Female Pelvic Medicine and Reconstructive Surgery and International Brazilian Journal of Urology.

Leslie M. Rickey, MD, MPH

Dr. Rickey is an assistant professor in the Division of Urology at the University of Maryland School of Medicine. After finishing her urology residency at Loyola University Medical Center, she completed an ABU/ABOG jointly accredited fellowship in female pelvic medicine and reconstructive surgery in 2007. Dr. Rickey’s clinical practice and research interests focus exclusively on female pelvic floor disorders, including urinary incontinence and pelvic organ prolapse.
Carol Salem, MD

Dr. Salem is director of robotic surgery in the Department of Urologic Oncology and Robotic Surgery at Scripps Health. She previously served as associate professor of surgery in the division of urology and director of genitourinary oncology at University of California, San Diego. Dr. Salem received her medical degree from the University of Southern California, School of Medicine in 1991 and went on to complete an internship and residencies in surgery and urology at Los Angeles County, University of Southern California Medical Center. She has received numerous awards including being named the Pfizer Scholar in 2001, recognized as San Diego Magazine’s Best Doctors recognition in 2002, 2003, 2005, 2008 and 2009, as well as receiving the YWCA Tribute to Women and Industry Award in 2011.

Harriette M. Scarpero, MD

Dr. Scarpero earned a BA in English in 1989 from the University of the South in Sewanee, Tennessee. In 1995, she earned an MD from Louisiana State University School of Medicine in New Orleans, Louisiana. She completed a fellowship in female urology and voiding dysfunction from the New York University School of Medicine and a urology residency in the Ochsner Residency Program at the Louisiana State University Medical Center (chief resident from 1999 – 2001). Prior to her position at Associated Urologists in Nashville, Tennessee, Dr. Scarpero held several positions at in the Department of Urologic Surgery at Vanderbilt University Medical Center. Her current professional memberships include: the AUA, SESAU, SUFU, ICS, NAC and is a past president of SWIU.

Martha K. Terris, MD, FACS

Dr. Terris received her general surgery training at Duke University and urologic surgery training at Stanford University. Her urologic oncology fellowship training, also at Stanford, focused on prostate cancer diagnosis and staging. After completion of her training, she remained at Stanford as faculty member in the Department of Urology and Chief of Urology at the Palo Alto Veterans Affairs Medical Center. Dr. Terris joined the faculty at the Medical College of Georgia and the Augusta Veterans Affairs Medical Center in 2002. She was named 2003 – 2004 Georgia Cancer Coalition Distinguished Cancer Scholar. Dr. Terris assumed the position of program director for the Urology Residency Training Program in 2003 and served as president of the Society of Urology Chairs and Program Directors and is a member of the Residency Review Committee for Urology. In 2011, the Medical College of Georgia has become Georgia Health Sciences University. With this evolution, Dr. Terris became the Witherington Chair of Urology.
O. Lenaine Westney, MD

Dr. O. Lenaine Westney is an associate professor of surgery (urology) the University of Texas – Houston Medical School and The University of Texas MD Anderson Cancer Center. She is the director of the urinary tract and pelvic reconstruction fellowship at MD Anderson Cancer Center. Her primary practice consists of male and female incontinence, neuourology and pelvic/urinary tract reconstruction. She has written articles and chapters focusing on the management of post prostatectomy incontinence and bladder neck contracture. Her current interest research focuses on the linkage between pelvic ischemia secondary to atherosclerotic disease, the progression of hypoestrogenism and voiding symptoms and post prostatectomy urinary complications.

Kristene E. Whitmore, MD

Dr. Kristene E. Whitmore is medical director of the Pelvic and Sexual Health Institute in Philadelphia, PA. She is chair of urology and female pelvic medicine and reconstructive surgery as well as professor of urology and OBGYN at Drexel University College of Medicine.

Dr. Whitmore is the founder/director of the Pelvic and Sexual Health Institute of Philadelphia where she functions as lead clinician/researcher/consultant/medical educator. She has trained over 90 residents and fellows in female urology and pelvic floor reconstruction and has 9,500 Interstitial Cystitis patients.

Dr. Whitmore has clinical research interests in urinary incontinence, voiding dysfunction, interstitial cystitis, female sexual dysfunction and pelvic floor disorders. She has been published extensively in peer-reviewed journals including the Journal of Urology, Urology, American Journal of Obstetrics and Gynecology, Clinical Obstetrics and Gynecology and International Journal of Urogynecology. Dr. Whitmore is the author of Overcoming Bladder Disorders: Compassionate, Authoritative Medical and Self-Help Solutions for Incontinence, Cystitis, Interstitial Cystitis – and has been a contributor in the lay press including Prevention Magazine, Cosmo, Ladies Home Journal, US News & World Report and others. She is a frequent guest on national television and has been featured on the “Good Morning America” and “This Morning” programs.

Dr. Whitmore serves on the advisory boards of: the National Association for Continence, the Simon Foundation, the Interstitial Cystitis Association, and the Women’s Health Foundation. She also serves on the government relations committee of the American Urogynecologic Society.

Dr. Whitmore earned her medical degree from Hahnemann University and completed her urology residency at UCLA. She is board certified by the American Board of Urology.
SWIU AT THE AUA

SUNDAY, MAY 20, 2012
6:30 a.m. – 9:00 a.m.
SWIU Annual Breakfast Meeting
Omni at CNN Center
North Tower –
International Ballroom E

MONDAY, MAY 21, 2012
5:00 p.m. – 6:00 p.m.
Women Leaders in Urology Forum
