International Ballroom E

SWIU Networking Reception
Monday, May 21, 2012
6:00 p.m. – 8:00 p.m.
Omni at CNN Center
International Ballroom B
Welcome to the Annual AUA Meeting in Atlanta! SWIU is happy to offer its annual events including the Annual Breakfast Meeting, the Women Leaders in Urology Forum, and SWIU Networking Reception. On behalf of the entire SWIU Board, I invite everyone to enjoy all of these wonderful educational opportunities.

The 32nd Annual Breakfast Meeting on Sunday will feature Dr. Dennis Pessis, AUA President-Elect, who will provide and AUA Update, followed by Keynote Speaker Dr. Margit Fisch. An expert in reconstructive urology, Dr. Fisch will discuss the role of female urologists in Europe. Our Elisabeth Pickett Research Award winners and the recipient of the SBUR/SWIU Award for Excellence in Urologic Research will also be honored during the award presentations.

The seventh annual Women Leaders in Urology Forum on Monday will be led by Dr. Cathy Naughton, who has assembled an excellent panel on male infertility. Panelists include Dolores J. Lamb, PhD, of Baylor College of Medicine, Wayne W. Kuang, MD of the University of New Mexico and Kathleen Hwang, MD of University Urological Associates.

Our Networking Reception follows which offers refreshments and an opportunity to network with others in the field. During this reception, we will honor this year’s Christina Manthos Mentoring Award winner, Dr. Deborah Erickson. I congratulate all of these remarkable women on their personal and professional achievements, and I am so pleased that we have the opportunity to showcase them.

Nancy A. Huff, MD
SWIU President 2011 – 2012
OFFICERS

President
Nancy A. Huff, MD

Everyone is welcome! This is a great opportunity to meet with other urologists to discuss the issues in the field of urology, as well as other medical issues.

We look forward to this great networking opportunity every year and hope to see you there!

<tr>
<th><strong>Educational Needs and Objectives</strong></th>
</tr>
</thead>
</table>

**Educational Needs**

There is an educational need to increase the communication and knowledge of the clinical practice of male infertility to both academic and private practice urologists, as well as urology residents not fortunate enough to be attending a program with a faculty member fellowship-trained in male infertility and microsurgery. Physician-extenders need to become cognizant of the sub-specialty of male infertility and understand not only the basic evaluation of the infertile male; but when to refer that patient for further evaluation by a fellowship trained urologist. Additionally, basic scientists will gain insight into the unanswered clinical questions in this subspecialty in order to continue our basic science knowledge of the pathogenesis of conditions affecting male infertility.

**Educational Objectives**

At the conclusion of the meeting, attendees should be able to:

1. Describe the urological evaluation of the infertile male.
2. Describe the basic science updates that have clinically impacted the evaluation and treatment of the infertile male.
3. Apply the clinical updates that have changed the evaluation and treatment of the infertile male.
Accreditation
The American Urological Association Education & Research, Inc. (AUAER) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation
The American Urological Association Education & Research, Inc. designates this live activity for a maximum of 3.50 AMA PRA Category 1 Credit(s)\textsuperscript{TM} (Sunday = 2.50, Monday = 1.00). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AUAER takes responsibility for the content, quality, and scientific integrity of this CME activity.

AUAER Disclosure Policy
As a provider accredited by the ACCME, the AUAER must ensure balance, independence, objectivity and scientific rigor in all its activities.

All faculty participating in an educational activity provided by the AUAER are required to disclose to the provider any relevant financial relationships with any commercial interest. The AUAER must determine if the faculty’s relationships may influence the educational content with regard to exposition or conclusion and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent faculty with relevant financial relationships from serving as faculty, but rather to provide members of the audience with information on which they can make their own judgments.

Off-label or Unapproved Use of Drugs or Devices
It is the policy of the AUAER to require the disclosure of all references to off-label or unapproved uses of drugs or devices prior to the presentation of educational content. The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

Disclaimer
The opinions and recommendations expressed by faculty, authors, and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUAER.

Evidence Based Content
As a provider of continuing medical education accredited by the ACCME, it is the policy of the AUAER to review and certify that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

Special Assistance/Dietary Needs
The American Urological Association Education & Research, Inc. (AUAER), an organization accredited for Continuing Medical Education (CME), complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, a written request should be submitted at least one month in advance. For additional assistance with your request please call (800) 908-9414.
SWIU Awards

Christina Manthos Mentoring Award
SWIU founded the Christina Manthos Mentoring Award to honor the memory of an esteemed colleague. Christina Manthos was an extraordinary young urologist whose life was sadly curtailed by breast cancer. In her memory, SWIU has established an annual award to recognize men or women who have been extraordinary mentors to female urologists. SWIU believes that a mentor is a very important element to professional woman and wants to encourage those who set a good example.

Elizabeth Pickett Research Award
The Elizabeth Pickett Research Award provides small research grants for basic science or clinical urologic research. The awards may be used to supplement a current project or to initiate a new study. Candidates for this award include trained urologists (MD/DO), urology residents, urology fellows or post-doctoral basic scientists interested in researching urologic related diseases and dysfunction.

SWIU/SBUR Award for Excellence in Urological Research
SWIU and Society for Basic Urologic Research (SBUR) have a common interest in recognizing female scientists with an accomplished background of basic science urological research. This award represents the collaborative efforts of these two societies toward their common goals. Award Winners are members of SBUR who hold an MD and/or a PhD.

SWIU Membership Information

Member Benefits
Since its inception, SWIU’s focus has been primarily in the following areas: mentoring resident members, highlighting women leaders in urology, supporting the research efforts of women in urology, and providing networking venues for its members.

To that effect, SWIU is happy to provide several benefits to its members including, the SWIU Annual Events at the AUA, Networking opportunities, the SWIU Mentor Program, the SWIU Membership Directory, the SWIU Newsletter, and the find-a-doctor program.

SWIU also offers a meeting opportunity for members and residents at the SWIU Clinical Mentoring Conference held in January. This offers learning experiences through lectures and hands-on labs, as well as networking opportunities during social events.

Membership Categories
Active
Must be a member in good standing of the American Urological Association. Must have acceptably completed an accredited urologic training program or its equivalent in a foreign country. Active members have voting privileges.

Affiliate
Must be a physician in a related field of medicine and science who cannot qualify for active membership or a non-physician who, by professional or personal accomplishments, has contributed significantly to medicine in general or the specialty of urology in general. Affiliate members may not vote.

Resident
Must have graduated from an acceptable medical school with receipt of Doctor of Medicine degree or an equivalent degree. Must be enrolled in a resident program credentialed by the Accreditation Council for Graduate Medical Education (ACGME) or such similar body in a foreign country. Resident members may not vote.

If you have questions about applying for membership, the member benefits or the categories of membership, please contact SWIU at (847) 517-7225 or email us at info@swiu.org. For more information, please visit our website: www.swiu.org.
