SWIU 2nd Annual Winter Meeting
Professional Development & Clinical Mentoring
January 25 – 27, 2013
JW Marriott Camelback
Scottsdale, Arizona

PROGRAM BOOK
Dear Colleagues,

It is with great excitement that we welcome you to the Society of Women in Urology Second Annual Winter Meeting for Professional Development and Clinical Mentoring. The program of an exclusive female faculty are delivering didactics, panel discussions and hands on sessions, focusing on the fields of robotic surgery and female sexual dysfunction. The robotic session includes pragmatic information on designing and implementing a robotics program, case presentations and complications, and a dry lab that will allow members of all skill levels to enhance their abilities and interact with experts in the field of robotic surgery.

We are also honored to have internationally recognized faculty speaking on the relationship between common female urologic conditions and sexual dysfunction, and attendees will come away with an improved understanding of diagnosis and treatment strategies for these very challenging issues. After the overwhelming response to last year’s inspirational speeches by talented and successful female executives in industry, we put together a new panel that promises to again provide outstanding practical and motivating material that we as women in medicine rarely have the privilege to access.

A special highlight this year is a Saturday night banquet honoring Jean L. Fourcroy, MD, PhD, MPH, founder and president of the SWIU from 1981 – 1991. We conclude with Sunday Brunch with the Experts where many of the session leaders and panel members can answer your additional questions while you indulge in the fabulous food. This professional development and mentoring conference is a collaborative effort with you, as a SWIU member, a vital component of the experience. We are glad you have joined us at this year’s forum and welcome you to Scottsdale!

Melissa R. Kaufman, MD, PhD
SWIU President

Leslie M. Rickey, MD, MPH
Winter Meeting Program Chair

Mission Statement
The Society of Women in Urology, Inc., consists of urologic surgeons and other outstanding contributors to the progress of SWIU who reside and practice their profession in the United States and internationally. The purpose of SWIU is to support the professional advancement of women urologists, to encourage public education regarding urologic issues and to promote urologic research.

Disclaimer Statement
Statements, opinions and results of studies contained in the program are those of the presenters/authors and do not reflect the policy or position of the SWIU nor does the SWIU provide any warranty as to their accuracy or reliability.

Filming/Photography Statement
No attendee/visitor at the SWIU 2013 Clinical Mentoring Conference may record, film, tape, photograph, interview, or use any other such media during any presentation, display, or exhibit without the express, advance approval of the SWIU Executive Director. This policy applies to all SWIU members, non-members, guests, and exhibitors, as well as members of the print, online, or broadcast media.

Educational Needs
Despite immense growth over the past decade in the number of women practicing urology, a gender gap continues to exist in certain urologic subspecialties. The area of robotic surgery is inadequately represented by women urologists, which leads not only to fewer robotic surgeons, but also to fewer role models for women currently in training programs (currently 25% of urology residents). Additionally, many female urologists have a large number of female patients, and referrals for female pelvic floor disorders are estimated to increase by 45% over the next few decades as a result of increasing numbers of older Americans. Female urologists are frequently sought out by women with these issues, including sexual dysfunction, pelvic pain disorders and urinary symptoms. However, education in female sexual function is sparse during medical school and residency training, and not all programs have faculty in the field of female pelvic medicine. As part of the mission of the Society of Women in Urology, we envision an educational conference to bridge these gaps in a learning environment conducive to such endeavors. The goals of this conference would be centered upon providing our membership with educational opportunities in female sexual function and robotic surgery. We foresee utilizing a combination of didactic lectures, surgical workshops, and case-based panel discussions that encourage audience/speaker interaction and critical thinking. An essential aspect of this agenda incorporates opportunity for resident education and introduction for the future women in urology to avenues for specialization or expansion of their practice into female sexual function and robotics.

Objectives
At the conclusion of the session, attendees should be able to:
1. Critically evaluate the role of robotic surgery in urologic surgery and understand comparative safety and efficacy data for common robotic procedures.
2. Describe the elements of a successful perioperative robotic surgery team.
3. Explain management of perioperative complications.
4. Illustrate elements of robotic surgery including correct patient positional and use of robotic instruments.
5. Describe the relationship between urogynecologic conditions and female sexual function.
6. Integrate the presentation, evaluation, and current management options for female sexual dysfunction.
Accreditation Statement
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American College of Legal Medicine and the Society of Women in Urology. The American College of Legal Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The American College of Legal Medicine designates this live activity for a maximum of 13.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict Resolution Statement
The American College of Legal Medicine CME Office has reviewed this activity’s speaker and planner disclosures and resolved all identified conflicts of interest, if applicable.

General Disclaimer
The statements and opinions contained in this program are solely those of the individual authors and contributors and not of the SWIU. The appearance of the advertisements is not a warranty, endorsement, or approval of the products or services advertised or of their effectiveness, quality, or safety. The content of this publication may contain discussion of off-label uses of some of the agents mentioned. Please consult the prescribing information for full disclosure of approved uses. The SWIU disclaims responsibility for any injury to persons or property resulting from any ideas or products referred to in the abstracts or advertisements.

Special Assistance
We encourage participation by all individuals. If you have a disability, advance notification of any special needs will help us better serve you. Call (847) 517-7225 if you require special assistance to fully participate in the meeting.
Registration/Information Desk Hours
Location: Sunshine Patio
Friday, January 25, 2013  7:00 a.m. – 6:00 p.m.
Saturday, January 26, 2013  7:00 a.m. – 4:00 p.m.
Sunday, January 27, 2013  8:30 a.m. – 11:30 a.m.

Registration Fee Includes:
- Entrance to scientific sessions
- Breakfasts & Lunches
- 1 Welcome Reception ticket
- 1 Presidents Banquet ticket

Exhibits/Technical Exhibits
Location: Cholla
Friday, January 25, 2013  7:00 a.m. – 8:00 p.m.
Saturday, January 26, 2013  10:00 a.m. – 4:00 p.m.

Industry Sponsored Event
FRIDAY, JANUARY 25, 2013

1:00 p.m. – 6:30 p.m.  Hands-On Simulation and Procedural Training
(Focus on Bladder, Refractory OAB and Cancer.
Location: Townhall

- Botox Injections
- Percutaneous Tibial Nerve Stimulation
- Cxbladder™: Perspectives on Bladder Cancer Detection and Surveillance

SATURDAY, JANUARY 26, 2013

7:00 a.m. – 8:00 a.m.  Industry Sponsored Breakfast
Location: Peace Pipe
“Evaluating and Treating Patients with Overactive Bladder”

Diane K. Newman, DNP FAAN BCB-PMD
Adjunct Associate Professor of Urology in Surgery Perelman School of Medicine, University of Pennsylvania Co-Director, Penn Center for Continence and Pelvic Health Research Investigator Senior Division of Urology Perelman Center Philadelphia, Pennsylvania
Welcome Reception
  Date: Friday, January 25, 2013
  Time: 6:30 p.m. – 8:00 p.m.
  Location: Terrace
  Attire: Casual
  The Society of Women in Urology welcomes its members to the 2nd Annual Winter Meeting. This is a great opportunity for attendees to network with colleagues and fellow members all while enjoying delicious drinks and hors d’oeuvres.

President’s Banquet
  Date: Saturday, January 26, 2013
  Time: 7:00 p.m. – 10:00 p.m.
  Location: Peace Pipe
  Attire: Casual
  The Saturday banquet will honor Jean Fourcroy, MD, PhD, MP, who, along with the handful of other women urologists in practice at the time—founded SWIU in 1981. She served as president for several years until handing over the reins in 1992. Showcasing Dr. Fourcroy’s considerable contributions to SWIU and the field of urology at large, along with providing a fascinating perspective on the history of women in urology, will make this an event you don’t want to miss!
*All sessions will be located in the Sunshine unless otherwise noted
*Speakers and times are subject to change

Thursday, January 24, 2013

1:00 p.m. – 6:00 p.m. Board of Directors Meeting  
Location: Cottonwood

Friday, January 25, 2013

7:00 a.m. – 6:00 p.m. Registration/Information Desk Open  
Location: Sunshine Patio

7:00 a.m. – 8:00 p.m. Exhibit Hall Open  
Location: Cholla

7:00 a.m. – 8:00 a.m. Breakfast  
Location: Cholla

7:30 a.m. – 11:45 a.m. Robotic Surgery Session

7:30 a.m. – 8:10 a.m. Challenges in Robotic Surgery  
Panel: Jennifer Anger, MD  
Elizabeth R. Mueller, MD  
Carol Salem, MD

8:10 a.m. – 9:00 a.m. Case Presentations  
Jennifer Anger, MD  
Elizabeth R. Mueller, MD  
Carol Salem, MD

9:00 a.m. – 9:30 a.m. Comparative Efficacy and Safety of Urologic Robotic Procedures  
Jennifer Anger, MD  
Carol Salem, MD

9:30 a.m. – 10:00 a.m. Break in Exhibit Hall  
Location: Cholla

10:00 a.m. – 10:30 a.m. How I Approach Resident/Fellow Training  
Elizabeth R. Mueller, MD

10:30 a.m. – 11:00 a.m. Future Directions  
Panel: Jennifer Anger, MD  
Elizabeth R. Mueller, MD  
Carol Salem, MD

11:00 a.m. – 11:45 a.m. Starting a Robotic Program at Your Institution  
Lynda A. Jayjohn, RN, MBOE, CNOR
11:45 a.m. – 1:00 p.m. Lunch in Exhibit Hall
   Location: Cholla

1:00 p.m. – 6:30 p.m. CONCURRENT SESSIONS
   Participants will have an opportunity to participate in both the Robotics Perioperative Skills Lab and the Hands-On Simulation Session in 160-minute sessions.

   Robotic Perioperative Skills Lab
   Location: Ballroom C– E

   Chair: Lynda A. Jayjohn, RN, MBOE, CNOR
   Faculty: Renee Lewis, PA, OSUMC
            Mary A. Kenneson, MD
            Carol Salem, MD

   *Hands-On Simulation and Procedural Training
   (Focus on Bladder, Refractory OAB and Cancer. See page 9 for full information)
   *Not CME Accredited
   Location: Townhall

   1:00 p.m. – 3:40 p.m. Group A – Robotic Perioperative Skills Lab
                           Group B – Hand-On Simulation and Procedural Training
   3:40 p.m. – 3:50 p.m. Break in Exhibit Hall
                         Location: Cholla
   3:50 p.m. – 6:30 p.m. Group A – Hand-On Simulation and Procedural Training
                           Group B – Robotic Perioperative Skills Lab

6:30 p.m. – 8:00 p.m. Welcome Reception with Exhibitors
   Location: Terrace

Saturday, January 26, 2013

7:00 a.m. – 4:00 p.m. Registration/Information Desk Open
   Location: Sunshine Patio

10:00 a.m. – 4:00 p.m. Exhibit Hall Open
   Location: Cholla

7:00 a.m. – 8:00 a.m. Industry Sponsored Breakfast
   Location: Peace Pipe
   (See page 9 for full information)

8:00 a.m. – 10:30 a.m. Female Sexual Dysfunction
   Moderator: Kristine E. Whitmore, MD
   Panel: Susan Kellogg Spadt, PhD, CRNP, IF
          Erica Fletcher, PT, MTC
          Suzette E. Sutherland, MD
10:30 a.m. – 11:00 a.m. Break in Exhibit Hall
Location: Cholla

11:00 a.m. – 11:45 a.m. *Perspectives of Women Executives in Medical Industry Panel Discussion
Cindy Kent
Vice President & General Manager
Gastro/Urology Therapies, Medtronic Inc., Neuromodulation Division
Sally Lam, PharmD
Director, Strategic Communications, Allergan Urology
Cindy Whitehead
Chief Commercial Officer
Sprout Pharmaceuticals, Inc
*Not CME Accredited

11:45 a.m. – 12:45 p.m. Practice Panel Discussion
Location: Sunshine
Panel: Teresa D. Beam, MD
Karyn S. Eilber, MD
Harriette M. Scarpero, MD
Elizabeth A. Williams, MD

12:45 p.m. – 2:00 p.m. Lunch
Location: North Garden

2:00 p.m. – 3:00 p.m. WISH – Women’s Initiative in Sexual Health
A Special ISSWSH Collaborative Symposia
MaryAnne McAdams

3:00 p.m. – 4:00 p.m. Prostate Cancer and the Couple
Tracey L. Krupski, MD

4:00 p.m. – 7:00 p.m. Free Time

7:00 p.m. – 10:00 p.m. Presidents Banquet
Location: Peace Pipe

Sunday, January 27, 2013

8:30 a.m. – 11:30 a.m. Registration/Information Desk Open
Location: Sunshine Patio

9:00 a.m. – 11:30 a.m. Brunch with the Experts
Location: Cholla

11:30 a.m. Adjournment
Jennifer Anger, MD, MPH

Jennifer Anger, MD, MPH is a board certified urologist with Cedars-Sinai Medical Group and Cedars-Sinai Health Associates and a member of the Center for Women's Continence and Pelvic Health at Cedars-Sinai.

Dr. Anger graduated with high distinction from University of California at Berkeley and earned her medical degree from the Keck School of Medicine at the University of Southern California. She also earned her master's in public health from the University of California, Los Angeles (UCLA) School of Public Health.

She completed her general surgery internship and urology residency at New York Hospital-Cornell University Medical Center, followed by a one-year fellowship at Duke University Medical Center in both female and male urologic reconstructive surgery, and a two-year fellowship at UCLA in Urological Health Services Research. During her fellowship, she received funding from the National Institutes of Health for her research on outcomes of sling surgery for stress urinary incontinence.

Dr. Anger has also served as an assistant professor of urology for both UCLA Medical Center and Cedars-Sinai Medical Center.

Dr. Anger's NIH-funded research has greatly influenced the field of male and female urology and her many publications have greatly contributed to the field of urology. Her research interests lie primarily in the field of health services outcomes involving female urinary incontinence and pelvic organ prolapse. Her clinical interests and specialties are focused around female urology/prolapse and male urology/urethral reconstruction.

Teresa D. Beam, MD

Dr. Beam was born in Noblesville, Indiana. She is a graduate of Indiana University and Purdue University School of Science. She earned her medical degree from the University of Cincinnati College of Medicine in Cincinnati, Ohio. She completed her general surgery and urology residency at University of Cincinnati Medical Center in Cincinnati, Ohio.

Dr. Beam is certified by the American Board of Urology. She is a member of the American Medical Association, the American Urological Association and the Society of Women in Urology. Her areas of special interest include female urologic conditions, kidney stones and interstitial cystitis.
Karyn S. Eilber, MD

Karyn S. Eilber, MD, is a board certified urologist in the Cedars-Sinai Urology Academic Practice, a member of Cedars-Sinai’s Center for Women’s Continence and Pelvic Health and Cedars-Sinai Medical Group. She is associate director of Cedars-Sinai’s urology residency program and an instructor at the division of urology at Harbor-University of California, Los Angeles (UCLA) Medical Center.

Prior to joining Cedars-Sinai, Dr. Eilber served at the Memorial Sloan-Kettering Cancer Center's urology department, where she gained extensive experience in pelvic reconstruction following cancer treatment and male incontinence after prostatectomy. She was an assistant professor at Weill Medical College at Cornell University and a physician at St. John's Health Center in Los Angeles.

Dr. Eilber’s clinical and research focus has been in the areas of urogynecology and voiding dysfunction. She has published more than 15 articles on these and other subjects in peer-reviewed publications such as Urology, The American Journal of Urology Review, the Journal of Urology and Clinical Practice Urology. She is the co-author of several book chapters in Female Urology, Urogynecology and Voiding Dysfunction, Bladder Disease: Research Concepts and Clinical Applications and Glenn’s Urologic Surgery.

Dr. Eilber earned her bachelor's in biomedical sciences (cum laude) from the University of California, Riverside and her medical degree from the David Geffen School of Medicine at UCLA. She completed an internship, residency and urology fellowship at UCLA with special training in incontinence, voiding dysfunction and female pelvic reconstruction. While at UCLA, Dr. Eilber twice earned the Society of Women in Urology Elisabeth Pickett Research Award.

Erica Fletcher, PT, MTC

Erica Fletcher is a certified manual physical therapist in private practice outside Philadelphia at Fletcher Physical Therapy in Narberth, Pennsylvania. She is also the director of physical therapy of the Pelvic and Sexual Health Institute in Philadelphia. Erica specializes in the treatment of pelvic, spinal and cranial dysfunction. She is part of integrated multidisciplinary team with the specialists of the Pelvic and Sexual Health Institute. Together they treat patients with pelvic pain, urological, gynecological and intestinal dysfunction. She has been an adjunctive faculty member of the American College of Physicians. In 2005, she was a consultant and educator for Pfizer pharmaceuticals in the area of overactive bladder syndrome. She has been the primary treating therapist for both the Pennsylvania Ballet and Philadelphia Flyers hockey team. Her credentials include a certificate in manual physical therapy from the Institute of Physical Therapy in St. Augustine, Florida, in 1993; bachelor of science from the University of Wisconsin in 1984. She has been in practice since 1984.
Lynda Jayjohn, RN, BSN, MBOE, CNOR
Lynda A. Jayjohn, MBOE, BSN, RN, CNOR, has been employed since 2003 at the Ohio State University Medical Center as nurse manager specializing in minimally invasive surgery and robotics. She has practiced in the medical field for over 30 years. Her education includes a masters degree from Fisher College of Business at Ohio State University in operational excellence, a BSN form Chamberlain College of Nursing, CNOR, and training as an intuitive surgical robotics coordinator. Lynda has had the honor of coordinating and presenting at AORN Congress and OR Managers on Robotics, AORN Informatics Conference and two Urological World Symposia on Advanced Robotics training for the Allied Health Professional. She has had the honor of speaking on robotics to the Harvard Business Group, Young Presidents Society, numerous visiting professors from around the world, and international conferences on robotics. Lynda is the program director for the training courses offered at OSUMC for Allied Health Professionals, programs for administrative executives and surgeon training on robotics. Lynda is a member of AORN, SUNA, SAGES and AUA.

Susan Kellogg Spadt, PhD, CRNP, IF
Susan Kellogg-Spadt, PhD, CRNP, IF, is the co-founder of The Pelvic and Sexual Health Institute of Philadelphia, where she is the director of vulvar and sexual medicine. In this capacity, Dr. Kellogg performs direct patient care, consultative services as a vulvovaginal specialist, vulvoscopy, researcher, preceptor and sexual dysfunction consultant.

Dr. Kellogg is professor of OB/GYN at Drexel University College of Medicine in Philadelphia; professor of Human Sexuality at Widener University in Chester, Pennsylvania and clinical associate faculty at the University of Pennsylvania and Thomas Jefferson University in Philadelphia.

She is the course director for the female sexual health preceptorship and faculty for the pelvic & reconstructive surgery fellowship at Drexel University. She is a member of the Board of Directors, education, certification and scientific program committees of the International Society for the Study of Women's Sexual Health and on the editorial board of the Journal of Sexual Medicine.

Mary A. Kenneson, MD
Dr. Mary A. Kenneson is presently a chief resident at Ohio State University. She received her bachelor's and master's degrees in nursing from the University of Florida. She later achieved her medical degree from the University of Kentucky College of Medicine, Lexington, Kentucky, in 2003. She completed her general surgery internship at the University of Kentucky.
Tracey L. Krupski, MD

During residency at the University of Virginia, Dr. Tracey Krupski realized that to her a career in academic urology is comprised of being a skilled urologic surgeon, a methodologically sound researcher and an approachable educator. To achieve this, she created her own fellowship at UCLA. After a year a clinical oncology with Dr. Jean B. de Kernion she obtained a master’s in public health (MPH) in health services research and worked under the tutelage of Dr. Mark Litwin.

At the conclusion of this fellowship, she joined the faculty at Duke University. She is an assistant professor within Duke University Health System but lives and works in the community of Wake County. Her academic research interest is in the health related quality of life (HRQOL) and evidence based medicine. In terms of HRQOL, she is interested in the psychosocial aspects of urologic health, particularly the sexual health of the couple following prostate cancer treatment.

Renee Lewis, PA, OSUMC

Renee Lewis is a physician assistant the The Ohio State University, Wexner Medical Center in Columbus, Ohio, where she assists in robotic cases including: prostatectomy, hysterectomy, radical hysterectomy, partial nephrectomy, nephrectomy, cholecystectomy, nephrectomy with renal vein thrombosis, cystectomy with ileal conduit and pyeloplasty. She performed the first live renal vein thrombectomy for the 2011 American Urological Association conference and demonstrated live robotic cases including partial nephrectomy, prostatectomy, hysterectomy, adrenalectomy for international and US urological conferences.

Renee received her associate’s in nursing from Columbus State Community College in Columbus in 1998 and went on to earn her bachelor of science in physician assistant studies from Kettering College of Medical Arts in Dayton, Ohio, in 2004. She previously was a physician assistant at Ohio Health Orthopedic Spine Surgery and St. Ann’s Hospital in Columbus, Ohio.
Elizabeth R. Mueller, MD

Dr. Mueller is associate professor and medical director at Loyola University Medical Center Female Pelvic Medicine and Reconstructive Surgery.
