SWIU Annual Breakfast Meeting
Sunday, May 17, 2015
6:30 a.m. – 10:00 a.m.
Morial Convention Center
255 – 257

Women Leaders in Urology Forum
Monday, May 18, 2015
5:00 p.m. – 6:00 p.m.
Hilton New Orleans Riverside
Grand Salon C: 15 – 18

SWIU Networking Reception
Monday, May 18, 2015
6:00 p.m. – 8:00 p.m.
Hilton New Orleans Riverside
Rosedown Room
Welcome to New Orleans for the Annual AUA Meeting! The Society of Women in Urology events at the AUA will include the Annual Breakfast Meeting, the Women Leaders in Urology Forum and the SWIU Networking Reception. On behalf of the entire SWIU Board, I invite everyone to participate in all of these wonderful sessions.

During the 35th Annual Breakfast Meeting, Dr. William Gee, AUA President-Elect, will provide an AUA Update. The Keynote Speaker will be Dr. Tonette Krousel-Wood, a professor of medicine and epidemiology at Tulane School of Public Health and Topical Medicine and Senior Associate Dean for Faculty Affairs in the School of Medicine. Dr. Krousel-Wood will be speaking on her career path and achieving leadership roles. Additionally, we will present our Elisabeth Pickett Research Award and SBUR/SWIU Award for Excellence in Urologic Research winners. Finally, we look forward to hearing about gender-specific findings from the AUA Census presented by Dr. Deborah Lightner.

The tenth annual Women Leaders in Urology Forum on Monday will be led by myself and an outstanding panel of specialists to discuss Controversies in SUI Evaluation and Management. Panelists include Dr. Donna Deng of University of California, San Francisco; Dr. Melissa Kaufman of Vanderbilt University in Nashville, Tennessee, and Dr. Una Lee of Virginia Mason Medical Center in Seattle, Washington. Our Networking Reception follows, where we will honor this year’s Christina Manthos Mentoring Award winner. We thank you for joining us in New Orleans and I hope you enjoy the educational and networking opportunities this meeting has to offer!

SWIU Networking Reception

Monday, May 18, 2015
6:00 p.m. – 8:00 p.m.
Hilton New Orleans Riverside
Rosedown Room

This is a great opportunity to meet with other urologists to discuss the issues in the field of urology, as well as other medical issues.

In addition, SWIU will announce the Christina Manthos Mentor Award winner. Christina Manthos was an extraordinary young urologist whose life and career were sadly curtailed by breast cancer. As a means of perpetuating the flame of her inspiration and honoring her memory, SWIU established an annual award to recognize those men or women who demonstrate extraordinary mentoring skills in supporting the career of a female urologist.

We look forward to this great networking opportunity every year and hope to see you there!
Educational Needs:

Annual Breakfast Meeting
One reason for the dearth of female leaders in academic medicine may be that there are barriers to women’s leadership development within the profession, both at the training level and at the career level. The key to advancing the number of women in leadership roles is to have women in leadership roles. Effective remedies will require organizational and institutional changes, as well as greater individual appreciation of how to gain the necessary experience to succeed in a leadership position.

Women Leaders in Urology Forum
There are varying levels of evidence supporting certain practices regarding complex SUI treatment decisions, therefore this discussion will aim to synthesize the available evidence in order to clarify the available options when treating these patients.

Educational Objectives:
After attending this activity, participants should be able to:

Annual Breakfast Meeting
1. Develop leadership skills at any career level.
2. Explain the organizational leadership structure in academic medicine.

Women Leaders in Urology forum
1. Apply evidence based decision-making to treatment of recurrent SUI.
2. Utilize UDS appropriately in the evaluation of women with lower urinary tract symptoms.
3. Describe the use of prophylactic continence procedures in women undergoing prolapse surgery.
4. Describe the current evidence supporting stem cell therapy in treatment of SUI.

Accreditation: The American Urological Association (AUA) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Annual Breakfast Meeting
Credit Designation: The American Urological Association designates this activity for a maximum of 1.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Women Leaders in Urology Forum
Credit Designation: The American Urological Association designates this activity for a maximum of 1.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Non-physician Health Professionals: The AUA is not accredited to offer credit for non-physician health professionals. However, the AUA will issue documentation of participation that states that the activity was certified for AMA PRA Category 1 Credit™.

Evidence Based Content: It is the policy of the AUA to ensure that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

AUA Disclosure Policy: All persons in a position to control the content of an educational activity (i.e., activity planners, presenters, authors) participating in an educational activity provided by the AUA are required to disclose to the provider any relevant financial
relationships with any commercial interest. The AUA must determine if the individual’s relationships may influence the educational content and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent individuals with relevant financial relationships from participating, but rather to provide learners information with which they can make their own judgments.

**Resolution of Identified Conflict of Interest:** All disclosures will be reviewed by the program/course directors or editors for identification of conflicts of interest. Peer reviewers, working with the program directors and/or editors, will document the mechanism(s) for management and resolution of the conflict of interest and final approval of the activity will be documented prior to implementation. Any of the mechanisms below can/will be used to resolve conflict of interest:

- Peer review for valid, evidence-based content of all materials associated with an educational activity by the course/program director, editor, and/or Education Content Review Committee or its subgroup.
- Limit content to evidence with no recommendations
- Introduction of a debate format with an unbiased moderator (point-counterpoint)
- Inclusion of moderated panel discussion
- Publication of a parallel or rebuttal article for an article that is felt to be biased
- Limit equipment representatives to providing logistics and operation support only in procedural demonstrations
- Divestiture of the relationship by faculty

**Off-label or Unapproved Use of Drugs or Devices:** It is the policy of the AUA to require the disclosure of all references to off-label or unapproved uses of drugs or devices prior to the presentation of educational content. The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

**Disclaimer:** The opinions and recommendations expressed by faculty, authors and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUA.

**Consent to Use of Photographic Images:** Attendance at or participation in AUA meetings and other activities constitutes an agreement by the registrant to AUA's use and distribution (both now and in the future) of the attendee's image or voice in photographs and electronic reproductions of such meetings and activities.

**Audio, Video and Photographic Equipment:** The use of audio, video and other photographic recording equipment by attendees is prohibited inside AUA meeting rooms.

**Reproduction Permission:** Reproduction of written materials developed for this AUA course is prohibited without the written permission from individual authors and the American Urological Association.

**Special Assistance/Dietary Needs:** The American Urological Association complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, please see the registration desk.
**SWIU Awards**

**Christina Manthos Mentoring Award**

SWIU founded the Christina Manthos Mentoring Award to honor the memory of an esteemed colleague. Christina Manthos was an extraordinary young urologist whose life was sadly curtailed by breast cancer. In her memory, SWIU has established an annual award to recognize men or women who have been extraordinary mentors to female urologists. SWIU believes that a mentor is a very important element to professional women and wants to encourage those who set a good example.

**Elisabeth Pickett Research Award**

The Elisabeth Pickett Research Award provides small research grants for basic science or clinical urologic research. The awards may be used to supplement a current project or to initiate a new study. Candidates for this award include trained urologists (MD/DO), urology residents, urology fellows or post-doctoral basic scientists interested in researching urologic related diseases and dysfunction.

**SWIU/SBUR Award for Excellence in Urological Research**

SWIU and the Society for Basic Urologic Research (SBUR) have a common interest in recognizing female scientists with an accomplished background of basic science urological research. This award represents the collaborative efforts of these two societies toward their common goal. Award winners are members of SBUR who hold an MD and/or a PhD.
**Member Benefits**
Since its inception, SWIU’s focus has been primarily in the following areas: mentoring resident members, highlighting women leaders in urology, supporting the research efforts of women in urology and providing networking venues for its members.

To that effect, SWIU is happy to provide several benefits to its members, including the SWIU Annual Events at the AUA, networking opportunities, the SWIU Mentor Program, the SWIU Membership Directory, the SWIU Newsletter, and the Find-A-Doctor Program.

SWIU also offers a meeting opportunity for members and residents at the annual SWIU Winter Meeting held in January. The meeting offers learning experiences through lectures and hands-on labs, as well as networking opportunities during social events.

**Membership Categories**

**Active**
Must be a member in good standing of the American Urological Association. Must have acceptably completed an accredited urologic training program or its equivalent in a foreign country. Active members have voting privileges.

**Affiliate**
Must be a physician in a related field of medicine and science who cannot qualify for active membership or a non-physician who, by professional or personal accomplishments, has contributed significantly to medicine in general or the specialty of urology in general. Affiliate members may not vote.

**Resident**
Must have graduated from an acceptable medical school with receipt of Doctor of Medicine degree or an equivalent degree. Must be enrolled in a resident program credentialed by the Accreditation Council for Graduate Medical Education (ACGME) or such similar body in a foreign country. Resident members may not vote.

If you have questions about applying for membership, the member benefits or the categories of membership, please contact SWIU at (847) 517-7225 or email us at info@swiu.org. For more information, please visit our website: www.swiu.org.
