2018 ANNUAL EVENTS AT THE AUA

Saturday, May 19, 2018
SWIU Networking Reception
5:30 p.m. – 7:30 p.m.
San Francisco Marriott Marquis
Yerba Buena Salons 1-2

Sunday, May 20, 2018
SWIU Annual Breakfast Meeting
6:30 a.m. – 10:00 a.m.
San Francisco Marriott Marquis
Golden Gate B
WELCOME ONE AND ALL to this year’s Society of Women in Urology (SWIU) breakfast and business meeting held at the American Urological Association (AUA) Annual Meeting. We will convene Sunday morning, May 20, bright and early at 6:30 a.m. at the San Francisco Marriott Marquis in the Golden Gate Room B. Prior to our business meeting our program will include a visit by AUA President-Elect, Robert C. Flanagan, MD, FACS, from Loyola University, for an update about AUA activities and opportunities. We will also hear from Lindsey Kerr, MD, from Bangor, Maine, who serves as the SWIU representative for the AUA public policy council, who advocates for us tirelessly!

Every year we honor the wonderful contributions of our female colleagues through a number of awards. This year we will acknowledge the Christina Manthos Mentoring Award recipient, Jennifer Anger, MD, MPH, FPMRS, from Cedar-Sinai Medical Center; and hear presentations from the recipients of the Elisabeth Pickett Research Award, Catherine Chen, MD, from UT Southwestern Medical Center; and the SWIU/SBUR Award for Excellence in Urological Research, Cathy Lee Mendelsohn, PhD, from Columbia University Irving Medical Center. Additionally, this year we have a new award, the Jean Fourcroy Leadership Award, named in memory of the woman who pioneered female physicians in the field of Urology, and who was the “founding mother” of our organization, having established the Society of Women in Urology (SWIU) in 1980 — 38 years ago! We are pleased to announce that this award goes to Linda M. Dairiki Shortliffe, MD, from Stanford University.

We are very excited to have Dr. Kathleen O’Loughlin, DMD, MPH, current and first female Executive Director of the American Dental Association, who will provide an excellent, inspiring presentation entitled, “Achieving Success by Closing the Gender Gaps.” This should definitely provide for some lively discussion.

It has been such an honor and a privilege to serve as SWIU president this past year. I am so grateful for all the efforts of the entire SWIU Board, as well as the guidance provided from past presidents … and the endless support from the team at WJWeiser Association Management; especially Danielle Carrier, who was forever the mystery woman behind the scenes “getting things done”. SWIU has grown tremendously over the last few years, both in numbers of members as well as in scope of activity and influence. For that, I am very grateful and proud. This is an amazing time for us as women to stand together in support of one another, professionally and personally. Thank you to all who continue to further our mission to support the professional development and career advancement of women urologists and urologic researchers through education, advocacy and mentorship … Support, Promote, Succeed!

All my best,

Suzette E. Sutherland, MD, MS, FPMRS
2017-2018 SWIU President
SWIU at the AUA 2018
May 19 - 20, 2018
San Francisco, California

Everyone is welcome! This is a great opportunity to meet with other urologists to discuss issues in the field of urology, as well as other medical issues.

In addition, SWIU will announce the Christina Manthos Mentor Award winner. Christina Manthos was an extraordinary young urologist whose life and career were sadly curtailed by breast cancer. As a means of perpetuating the flame of her inspiration and honoring her memory, SWIU established an annual award to recognize those men or women who demonstrate extraordinary mentoring skills in supporting the career of a female urologist.

We look forward to this great networking opportunity every year and hope to see you there!
Elisabeth Picket Research Award
The Elisabeth Pickett Research Award makes funds available for small research grants for basic, translation or clinical urologic research. The awards may be used to continue or supplement a current project or to initiate new study.

Christina Manthos Mentoring Award
SWIU established an annual award to recognize those men or women who demonstrate extraordinary mentoring skills in supporting the career of a female urologist. SWIU believes that a mentor is an important element in the life of each professional woman and wants to encourage and reward those who set a good example.

Jean Foucroy Leadership Award
Jean Foucroy was a pioneering female physician in the field of urology who helped to establish the Society of Women in Urology in 1980. Dr. Foucroy's unwavering perseverance and courage paved the way for women in Urology. As a means of perpetuating the flame of her inspiration and honoring her memory, SWIU established an award to recognize exceptional leadership of women in urology.

SWIU/SBUR Award for Excellence in Urological Research
Nominations for this award are accepted by the SBUR, who will nominate two candidates for consideration by the Board of Directors of SWIU, who will make the final decision.

Appropriate candidates are members of SBUR who hold an MD, a PhD or both and who have a distinguished track record of urological research.

Resident Travel Award
The Society of Women in Urology is proud to offer Resident Travel Awards to attend the SWIU 8th Annual Clinical Mentoring Conference. This award serves to subsidize the travel expenses for a female resident to attend the conference.

SAVE THE DATE!

SWIU 8th Annual Clinical Mentoring Conference
January 18-20, 2019
Embassy Suites by Hilton Scottsdale Resort
Scottsdale, Arizona

SWIU at the AUA 2019
May 3-6, 2019
Chicago, Illinois
Since its inception, SWIU’s focus is primarily in the areas of mentoring members in career development at all stages of their career, highlighting the achievements of women leaders in urology, supporting the urologic research efforts of women, and providing networking venues for our members.

SWIU provides important benefits to its members, such as the SWIU Annual Events at the AUA, networking opportunities, the SWIU Mentor Program, the SWIU Membership Directory, the SWIU Newsletter, and the Find-A-Doctor Program.

SWIU also provides the ideal environment for interacting with members and trainees at the annual SWIU Clinical Mentoring Conference held in January. The meeting offers learning experiences through lectures and hands-on labs, as well as networking opportunities during social events.

**Membership**

**Active**
Must be a member in good standing of the American Urological Association. Must have acceptably completed an accredited urologic training program or its equivalent in a foreign country. Or must have acceptably completed an accredited PhD in an allied basic science field and be currently active in urologic research. Active members have voting privileges.

**Affiliate**
Must be a physician in a related field of medicine and science who cannot qualify for active membership or a non-physician who, by professional or personal accomplishments, has contributed significantly to medicine in general or the specialty of urology in general. Affiliate members may not vote.

**Candidate**
Must have graduated from an accredited medical school with receipt of Doctor of Medicine degree or an equivalent degree. Must be enrolled in a resident or fellowship program credentialed by the Accreditation Council for Graduate Medical Education (ACGME) or such similar body in a foreign country or post-doctoral fellows having completed an accredited PhD in an allied basic science field and active in urologic research. Candidate members may not vote.
