**SWIU 2019 ANNUAL
MEETING AT THE AUA**

SWIU
Society of Women in Urology, Inc.
Support . Promote . Succeed

WELCOME MESSAGE

It is a privilege and great honor to welcome everyone to this year's Society of Women in Urology (SWIU) Annual Breakfast and Business Meeting at the 114th Annual American Urological Association (AUA) Meeting in Chicago, IL. Our meeting will convene promptly at 6:45 a.m. with a short business meeting (SWIU members only) in the Prairie Room of the Hyatt Regency McCormick. The breakfast buffet and networking opportunities will begin at 7:00 a.m. and the general meeting will begin at 7:30 a.m. in the same location.

We are pleased to welcome Dr. John H. Lynch, President-elect of the AUA, who will give an update about AUA activities and opportunities that are relevant to our membership at 7:35 a.m.

Our keynote speaker, Dr. Cheryl T. Lee, MD, Professor and Chair of Urology at The Ohio University, Columbus, OH, will begin her address to the group at 7:45 a.m. We are excited to welcome Dr. Lee as a stalwart, female colleague with numerous professional accomplishments. She will be talking to us about "Advances in Bladder Cancer: Recent Progress Shaping Clinical Care".

One of the most rewarding aspects of SWIU is the recognition of female urologists and researchers who are noteworthy contributors to the advancement of our field. At our evening networking reception, May 4 from 5:30-7:30 p.m. (Jackson Park CD, Hyatt Regency McCormick), we will honor our recent past President, Dr. Dolores Lamb, PhD as our 2019 Christina Manthos Mentoring Award recipient—a much deserved honor to add to her list of many achievements!

Sunday morning, we will award the Elisabeth Pickett Research Award to Dr. Caroline Kang, MD. Also being acknowledged is the SWIU/SBUR Award for Excellence in Urologic Research recipient, Dr. Kerry L. Burnstein, PhD. They will both provide a short presentation on their respective works.

We will recognize the Outstanding Resident Award winner and the winners of the 8th Annual Podium and Poster presentations that were all announced at our 8th Annual Clinical Mentoring Conference in Scottsdale, AZ in January.

We have a new award this year to be announced at the breakfast meeting: the SWIU/Intuitive Robotic Research Scholar Award winner.

Finally, our meeting will round out important information from our representative to the AUA Advocacy Committee, Dr. Lindsey Kerr, and a brief AMA Update by Dr. Willie Underwood.

It has truly been an honor to serve on the SWIU Board for the past several years, and I look forward to personally greeting everyone at our SWIU gatherings in Chicago this year!!

Welcome to the Windy City! Best,

A handwritten signature in black ink that reads "T. Beam". The signature is fluid and cursive.

Teresa D. Beam, MD, FACS
President of SWIU, 2018-2019

CME INFORMATION

EDUCATIONAL NEEDS

Urologists interact with patients diagnosed with bladder cancer and need to be made aware of changes in clinical care as a result of new information / surgical outcomes documented in recent studies on patients with this condition.

EDUCATIONAL OBJECTIVES

At the conclusion of the SWIU at the AUA 2019 Annual Meeting, attendees will be able to:

1. Report the expected outcome of post-TUR use of intravesical gemcitabine.
2. Discuss differences in outcomes between open vs robot-assisted radical cystectomy.
3. Report long-term outcomes documented in patients undergoing tri-modal therapy for muscle-invasive bladder cancer with bladder preservation.

2019 AUA ACCREDITATION INFORMATION

Accreditation: The American Urological Association (AUA) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The American Urological Association designates this live activity for a maximum of **1.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Learners: The AUA is not accredited to offer credit to participants who are not MDs or DOs. However, the AUA will issue documentation of participation that states that the activity was certified for *AMA PRA Category 1 Credit™*.

Evidence Based Content: It is the policy of the AUA to ensure that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

AUA Disclosure Policy: All persons in a position to control the content of an educational activity (i.e., activity planners, presenters, authors) are required to disclose to the provider any relevant financial relationships with any commercial interest. The AUA must determine if the individual's relationships may influence the educational content and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent individuals with relevant financial relationships from participating, but rather to provide learners information with which they can make their own judgments.

CME INFORMATION

Resolution of Identified Conflict of Interest: All disclosures will be reviewed by the program/course directors or editors for identification of conflicts of interest. Peer reviewers, working with the program directors and/or editors, will document the mechanism(s) for management and resolution of the conflict of interest and final approval of the activity will be documented prior to implementation. Any of the mechanisms below can/will be used to resolve conflict of interest:

- Peer review for valid, evidence-based content of all materials associated with an educational activity by the course/program director, editor, and/or Education Conflict of Interest Review Work Group or its subgroup.
- Limit content to evidence with no recommendations
- Introduction of a debate format with an unbiased moderator (point-counterpoint)
- Inclusion of moderated panel discussion
- Publication of a parallel or rebuttal article for an article that is felt to be biased
- Limit equipment representatives to providing logistics and operation support only in procedural demonstrations
- Divestiture of the relationship by faculty

Off-label or Unapproved Use of Drugs or Devices: The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

AUA PARTICIPANT INFORMATION & POLICIES

Disclaimer: The opinions and recommendations expressed by faculty, authors and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUA.

Consent to Use of Photographic Images: Attendance at or participation in AUA meetings and other activities constitutes an agreement by the registrant to AUA's use and distribution (both now and in the future) of the attendee's image or voice in photographs and electronic reproductions of such meetings and activities.

Audio, Video and Photographic Equipment: The use of audio, video and other photographic recording equipment by attendees is prohibited inside AUA meeting rooms.

Reproduction Permission: Reproduction of written materials developed for this AUA course is prohibited without the written permission from individual authors and the American Urological Association.

Special Assistance/Dietary Needs: The AUA complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, please see the registration desk.

Disclosure Report: The disclosures for this meeting can be found at the following website: www.aua.org/speaker-central/disclosures

SWIU Networking Reception

Saturday, May 4, 2019

5:30 p.m. – 7:30 p.m.

Hyatt Regency McCormick Conference Center Level One | Jackson Park CD Room

Everyone is welcome! This is a great opportunity to meet with other urologists to discuss issues in the field of urology, as well as other medical issues.

In addition, SWIU will announce the Christina Manthos Mentor Award winner. Christina Manthos was an extraordinary young urologist whose life and career were sadly curtailed by breast cancer. As a means of perpetuating the flame of her inspiration and honoring her memory, SWIU established an annual award to recognize those men or women who demonstrate extraordinary mentoring skills in supporting the career of female urologists.

We look forward to this great networking opportunity every year and hope to see you there!

AWARDS

Elisabeth Pickett Research Award

The Elisabeth Pickett Research Award makes funds available for small research grants for basic, translation or clinical urologic research. The awards may be used to continue or supplement a current project or to initiate new study.

Christina Manthos Mentoring Award

SWIU established an annual award to recognize those men or women who demonstrate extraordinary mentoring skills in supporting the career of a female urologist. SWIU believes that a mentor is an important element in the life of each professional woman and wants to encourage and reward those who set a good example.

Jean Fourcroy Leadership Award

Jean Fourcroy was a pioneering female physician in the field of urology who helped to establish the Society of Women in Urology in 1980. Dr. Fourcroy's unwavering perseverance and courage paved the way for women in Urology. As a means of perpetuating the flame of her inspiration and honoring her memory, SWIU established an award to recognize exceptional leadership of women in urology.

The Outstanding Resident Award

Outstanding Resident Award was established to honor women residents who fulfill the mission of SWIU - to advance the career development and professional success of women urologists - and who have been mentors, teachers, sponsors, or coaches for other residents, and students of all genders.

SWIU/SBUR Award for Excellence in Urological Research

Nominations for this award are accepted by the SBUR, who will nominate two candidates for consideration by the Board of Directors of SWIU, who will make the final decision. Appropriate candidates are members of SBUR who hold an MD, a PhD or both and who have a distinguished track record of urological research.

SWIU-Intuitive Robotics Research Scholarship

This award is intended to support the development of outstanding women research scientists in the area of robotics research who have demonstrated a commitment to improving the understanding, treatment, and experience of urology using robotics. Investigators must be working in a research environment capable of supporting robotic research.

Resident Travel Award

The Society of Women in Urology is proud to offer Resident Travel Awards to attend the SWIU Annual Clinical Mentoring Conference. This award serves to subsidize the travel expenses for a female resident to attend the conference.

visit swiu.org/awards.aspx to read more and apply.

2019 AWARD WINNERS

Elisabeth Picket Research Award
Caroline Kang, MD, PhD

Christina Manthos Mentoring Award
Dolores J. Lamb, PhD

SWIU/SBUR Award for Excellence in Urological Research
Kerry K. Burnstein, PhD

The Outstanding Resident Award
Laura A. Mihalko, MD

MEMBERSHIP

Since its inception, SWIU's focus is primarily in the areas of mentoring members in career development at all stages of their career, highlighting the achievements of women leaders in urology, supporting the urologic research efforts of women, and providing networking venues for our members.

SWIU provides important benefits to its members, such as the SWIU Annual Events at the AUA, networking opportunities, the SWIU Mentor Program, the SWIU Membership Directory, and the SWIU Newsletter.

SWIU also provides the ideal environment for interacting with members and trainees at the annual SWIU Clinical Mentoring Conference held in January. The meeting offers learning experiences through lectures and hands-on labs, as well as networking opportunities during social events.

Active

Must be a member in good standing of the American Urological Association. Must have acceptably completed an accredited urologic training program or its equivalent in a foreign country. Or must have acceptably completed an accredited PhD in an allied basic science field and be currently active in urologic research. Active members have voting privileges.

Affiliate

Must be a physician in a related field of medicine and science who cannot qualify for active membership or a non-physician who, by professional or personal accomplishments, has contributed significantly to medicine in general or the specialty of urology. Affiliate members may not vote.

Candidate

Must have graduated from an accredited medical school with receipt of Doctor of Medicine degree or an equivalent degree. Must be enrolled in a resident or fellowship program credentialed by the Accreditation Council for Graduate Medical Education (ACGME) or such similar body in a foreign country or post-doctoral fellows having completed an accredited PhD in an allied basic science field and active in urologic research. Candidate members may not vote.

Senior

This membership will be available to SWIU members who have/are retiring. Senior members will not have voting rights or be able to hold office.

Join or renew your membership at swiu.org/membership.aspx
