Society of Women in Urology
11th Annual Clinical Mentoring Conference

February 4 - 6, 2022
The Westin New Orleans
New Orleans, Louisiana

EXHIBIT GUIDE
Axonics is proud to be a Diamond Sponsor at SWIU 2022

We invite you to join our lunch symposium

Saturday, February 5th | 12pm – 1pm

Empowering Women in Urology to Take a Seat at the Table

Axonics is proud to be a Diamond Sponsor at SWIU and to support the professional advancement of women urologists. Join us for a dynamic discussion with experts who can share their stories on ascending the four SWIU pillars of leadership (Research, Society Leadership, Network, and Clinical Volume) and how they have secured their seat at the table.

OUR SPEAKERS

Priya Padmanabhan, MD
Anne Pelletier-Cameron, MD
Suzette Sutherland, MD

Moderator: Karen Noblett, MD

Important Safety Information: Implantation and use of the Axonics System incurs risk beyond those normally associated with surgery, some of which may necessitate surgical intervention. Results and experiences may vary and are unique to each patient. No promise or guarantee is made about specific results or experiences. For more information about safety and potential risks, go to: www.axonics.com/isi.

Caution: Federal law (USA) restricts this device to sale and use by, or on the order of, a physician.

The iTind™ System
Reshaping your BPH Practice

iTind™ therapy is an outpatient procedure that involves a non-permanent device that reshapes the prostate over one week—without heat, needles or cutting of tissue.*

- Temporary implant from 5 to 7 days
- No sexual side effects
- Ability to treat high bladder neck
- Low post procedure catheterization (5%)
- Long-term durability supported by clinical studies

Learn more at https://medical.olympusamerica.com/products/itind

*Data on file
Implantation of the iTind™ device may cause urinary urgency, pelvic discomfort, dysuria or hematuria. In rare cases, the iTind™ procedure may cause urinary tract infection or acute urinary retention.
