Axonics Recharge-Free Sacral Neuromodulation System

Delivering a best-in-class experience for you and your patients

- 10 to 20 year battery life
- Thin, sleek design at only 10cc in size
- Patients do not recharge any system components

Are you ready to experience the difference with Axonics?

Visit us at TrulyRechargeFree.com

Important Safety Information: Implantation and use of the Axonics Systems incurs risk beyond those normally associated with surgery, some of which may necessitate surgical intervention. Results and experiences may vary and are unique to each patient. No promise or guarantee is made about specific results or experiences. For more information about safety and potential risks, go to: www.axonics.com/isi.

Caution: Federal law (USA) restricts this device to sale and use by, or on the order of, a physician.

*Depending on therapy settings.

“Innovation Starts with Empathy”
Hear from the Women Leaders at Coloplast

---

elevating women

We solve problems. Especially the ones that have been marginalized for too long.

Our mission is to deliver meaningful products, for often stigmatized female health conditions that are backed by science.

In other words, products with proven efficacy.

Drop by our booth for a free sample of Via.

IT TAKES INSIGHT TO SEE THAT NO TWO STONE PATIENTS ARE ALIKE.
THAT'S THE DIFFERENCE BETWEEN MAKING DEVICES AND MAKING PROGRESS.

For over 30 years, Boston Scientific has offered a deep portfolio of ureteroscopy and PCNL products and solutions designed to support you through every stone procedure.

When it comes to delivering innovative solutions to treat each patient – we leave no stone unturned.

The Value of **Choice** is Having One

Only KARL STORZ offers you the power to choose the right scope for each patient and procedure.

Your Patient. Your Choice.
Innovation
starts with empathy

Our expertise focuses solely on the intimate healthcare needs of women and men. We are committed to providing innovative products, backed by the support you need to treat your patients. Our product portfolio allows you to choose the approach based on individual patient needs.
